PRODUCT DESCRIPTION

THE NEXT GENERATION OF COMMUNICATION SYSTEMS: THE SCHUBERTH SC1 ADVANCED AND SC1 STANDARD FOR YOUR SCHUBERTH C4 PRO and C4

Easy to install, easy to control, easy to stay in touch. Quick, easy, and almost invisible: the required hardware, including microphone, speakers, and antenna, is already pre-installed in your SCHUBERTH C4 PRO or C4 – simply remove the covers at the back of the helmet, put the SC1 unit and battery into place, and you are ready to ride

- The choice is yours: choose between the SC1 Advanced – featuring greater range and better battery life – and the SC1 Standard
- Share and care: connect up to 4 SCHUBERTH communication systems via Group Intercom or use the Universal Intercom feature to connect with other brand headsets

RECOMMENDED RETAIL PRICE

- SC1 Advanced 259,- €
- SC1 Standard 209,- €

FEATURES

- Two at once: the SCHUBERTH SC1 can connect with two Bluetooth devices at once to enable you to simultaneously connect your SCHUBERTH SC1 with your phone and your GPS – listen to music or talk to on the phone without missing the next GPS voice instruction; with the SC1 Advanced you are even able to share your music with your passenger
- No more outside noises: the Advanced Noise Control™ technology reduces wind and road noises to a minimum without letting you lose track of your surroundings
- Well informed: With audio multitasking, GPS announcements are played in the foreground without interrupting music and conversations with other riders
- Full control : the Bluetooth Handlebar Remote Control (sold separately) allows you to operate your communication system while keeping your (gloved) hands where they should be – holding on to the handlebar
