CARBON

# THE GAME CHANGER

The SCHUBERTH C5 Carbon was the first-ever SCHUBERTH PERFORMANCE motorcycle helmet, becoming a game changer for how motorcycle helmets can be produced. Its full Carbon shell is handmade at SCHUBERTH PERFORMANCE by the same highly specialized technicians, who manufacture our Formula 1 helmets. Thanks to the manual lamination and the autoclave curing processes, the C5 Carbon's shell combine an extremely light weight with an unparalleled performance. The new C5 Carbon features the P/J Double homologation and respects the severe ECE 22.06 standard.

The SCHUBERTH C5 Carbon is suited for the SCHUBERTH SC2, SC2 Standard and SC EDGE.
